

Net wrap **STARNET**

**A historical brand
able to renew itself**

ME+ Exclusive Technology

► Medium-sized mesh

ME+ is a performing solution that allows to produce net wraps made of a reduced number of chains with reinforced and thicker threads.

► Higher Specific Strength

ME+ technology gives the threads an incredibly superior Specific Strength. This means: perfect protection of the forage over time.

► Better cling on the crops

ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME+ net wraps hook up fast and easily.

► Mesh with fewer knots

Knots are the critical points of any thread. Novatex ME+ net wraps have half the number of knots with respect to standard net wraps.

► Eco Friendly

The proven increase in strength of Novatex ME+ nets allowed a significant reduction in the use of plastic while maintaining the highest standards available.

starnet

Starnet is a truly universal net wrap, ideal in all conditions and with all balers.

Key points of Starnet: a particularly soft mesh combined with excellent elasticity and optimal breaking strength.

Today Starnet presents itself greatly renewed thanks to the very high specific strength combined with a light and performing structure.

Width: 123 | Length: 2000 m - 2600 m - 3000 m - 3600 m

Roll length	2000 m	2600 m	3000 m	3600 m
Roll width	123 cm	123 cm	123 cm	123 cm
Max. roll diameter	20 cm	22 cm	23,5 cm	25,5 cm
Mesh type				*ME+

Starnet is the universal net wrap.
