Winner ML

ML Exclusive Technology

► **Large sized mesh**
Thanks to the flexibility of Novatex looms, ML is a solution that envisages a reduced number of chains, each of which is reinforced by double the number of threads.

► **Stronger chains**
ML chains are made with double thicker threads: this is the secret of the strongest netwrap in the market!

► **Better cling on the crops**
The weft has a larger angle than conventional net wraps. For this reason, ML hooks up incredibly faster.

► **Mesh with fewer knots**
Knots are the critical points of any thread. Novatex ML netwraps have half the number of knots with respect to standard netwraps.

► **Flexible geometry**
The reduced number of tension points (knots) aids the natural movement of the weft, leaving it free to stretch in width.

winner^{ML}

Winner ML[®] is the flagship net wrap of the Winner family for strength and performance. The ML technology offers 25 reinforced chains, positioned at a greater distance. A setting that guarantees better grip on forage or straw, better compression of the round bales and more safety in handling. Designed for the toughest conditions of use, Winner ML[®] is the perfect workmate for the most demanding professionals.

The strongest of the family

Width: 123 | Length: 2100 m - 2600 m - 3000 m

Roll length	2100 m	2600 m	3000 m
Roll width	123 cm	123 cm	123 cm
Max. roll diameter	22 cm	24 cm	25,5 cm
