

Netwrap **SUPERNOVA**

**SUPER
NOVA™**

Born to protect

Supernova

ME+ Exclusive Technology

► A Step Ahead for Net Wraps

ME+ not only improves performance in the field but significantly increases ease of use and respect for the environment.

► Thicker & Stronger chains

Novatex ME+ mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► Better cling on the crops

The ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME netwraps hook up fast and easily.

► Mesh with fewer knots

Knots are the critical points of any thread. Novatex ME+ netwraps have half the number of knots with respect to standard netwraps.

► Flexible geometry

The reduced number of tension points (knots) aid natural movement of the weft, leaving it free to stretch in width.

SUPERNOVA

Supernova® is a candidate to become one of the most sought roundbale nets on the market. Supernova®, resistant and completely covering with soft and very elegant colours, has proven since its debut to be perfect for baling all types of crops.

Supernova is the best companion for every baler.
