

Netwrap YOUNIVERSE

**excellent
performance,
higher visibility**

NX Exclusive Technology

► **Medium sized mesh**
NX is a performing solution that allow to produce netwraps with reinforced and thicker threads.

► **Thicker & Stronger chains**
Novatex NX mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► **Better cling on the crops**
The NX Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME netwraps hook up fast and easily.

► **Mesh with fewer knots**
Knots are the critical points of any thread. Novatex NX netwraps have half the number of knots with respect to standard netwraps.

► **Flexible geometry**
The reduced number of tension points (knots) aid natural movement of the weft, leaving it free to stretch in width.

Youniverse is a new generation of round baler net wraps. A net wrap that revolutionises the relationship between man and his work, achieving a balance never experienced before. Thanks to its Technology, Youniverse significantly improves round baler performance.

Two lengths available: 2850 and 3850 metres.

Youniverse is the sum of all the best features of a premium net wrap, to retain, hold, and protect forage until it's needed, snag-free and easy to remove when ready to feed out the bale.

The new bright colors have also been designed to guarantee optimal visibility on the bale, both for light and dark colored crops.

Youniverse significantly improves round baler performance.

Roll length	2850 m	3850 m
Roll width	123 cm	123 cm
Max. roll diameter	26 cm	28 cm
Average Strength	285 kg	285 kg
Mesh type	*NX
