

Net Wrap REKORD

A large roll of net wrap is positioned in the foreground of a lush green field. In the background, there are rolling hills covered in trees under a bright blue sky with scattered white clouds. Several other smaller rolls of net wrap are visible in the distance. The text "The global solution" is overlaid in white on the right side of the image.

The global solution

ME+ Exclusive Technology

► Higher Specific Strength

ME+ technology gives the threads an incredibly superior Specific Strength: perfect protection of the forage over time.

► Thicker & Stronger chains

Novatex ME+ mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► Better cling on the crops

The ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME net wraps hook up fast and easily.

► Mesh with fewer knots

Knots are the critical points of any thread. Novatex ME+ net-wraps have half the number of knots with respect to standard net wraps.

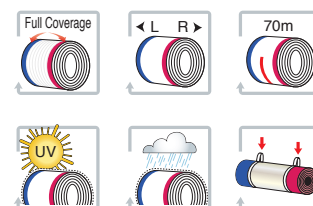

► Eco Friendly

The proven increase in strength of Novatex ME+ nets has allowed a significant reduction in the use of plastic while maintaining the highest standards available.

REKORD

A very popular brand by Novatex, Rekord® is essential and particularly robust, a great classic among round baler net wraps. Strong, covering, and now with blue/ raspberry-coloured edges, Rekord has demonstrated excellent performance for all types of crops.

Rekord:
new, robust,
covering.
