

Net Wrap REKORD

The global solution

ME+ Exclusive Technology

► Higher Specific Strength

ME+ technology gives the threads an incredibly superior Specific Strength: perfect protection of the forage over time.

► Thicker & Stronger chains

Novatex ME+ mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► Better cling on the crops

The ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME net wraps hook up fast and easily.

► Mesh with fewer knots

Knots are the critical points of any thread. Novatex ME+ net-wraps have half the number of knots with respect to standard net wraps.

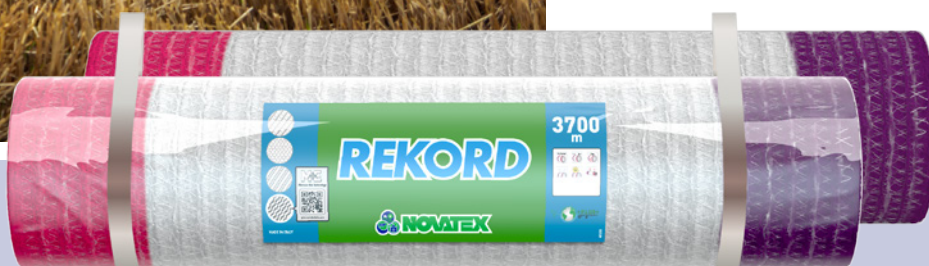

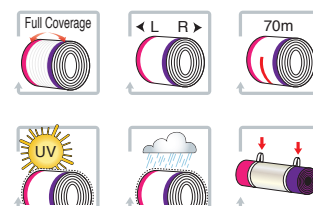

► Eco Friendly

The proven increase in strength of Novatex ME+ nets has allowed a significant reduction in the use of plastic while maintaining the highest standards available.
