The global solution

ME+ Exclusive Technology

► **Higher Specific Strength**
ME+ technology gives the threads an incredibly superior Specific Strength: perfect protection of the forage over time.

► **Thicker & Stronger chains**
Novatex ME+ mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► **Better cling on the crops**
The ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME net wraps hook up fast and easily.

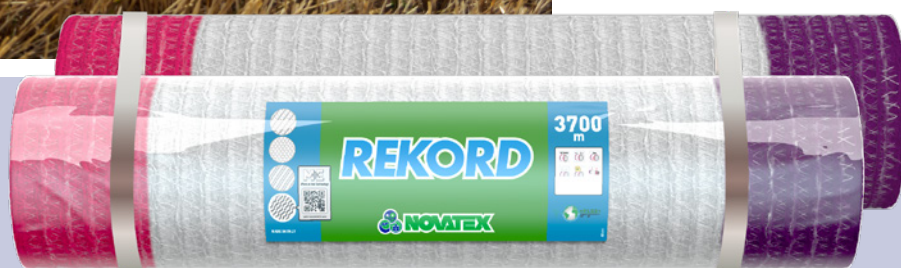

► **Mesh with fewer knots**
Knots are the critical points of any thread. Novatex ME+ net-wraps have half the number of knots with respect to standard net wraps.

► **Eco Friendly** The proven increase in strength of Novatex ME+ nets has allowed a significant reduction in the use of plastic while maintaining the highest standards available.
