**strong identity
and performance**

Winner Nova

ME+ Exclusive Technology

► Medium-sized mesh

ME+ is a performing solution that allows to produce net wraps made of a reduced number of chains with reinforced and thicker threads.

► Higher Specific Strength

ME+ technology gives the threads an incredibly superior Specific Strength. This means: perfect protection of the forage over time.

► Better cling on the crops

ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME+ net wraps hook up fast and easily.

► Mesh with fewer knots

Knots are the critical points of any thread. Novatex ME+ net wraps have half the number of knots with respect to standard net wraps.

► Eco Friendly

The proven increase in strength of Novatex ME+ nets allowed a significant reduction in the use of plastic while maintaining the highest standards available.

winner nova

Winner Nova: a new generation of round baler net wraps. A net wrap that revolutionises the relationship between man and his work, achieving a balance never experienced before.

Winner Nova is the sum of all the best features of a premium net wrap, to retain, hold, and protect forage until it's needed, snag-free and easy to remove when ready to feed out the bale.

The new bright colors have also been designed to guarantee optimal visibility on the bale, both for light and dark colored crops.

Thanks to the ME+ Technology, Winner Nova significantly improves round baler performance.

Winner Nova is your worry-free solution to a well-made bale.
